EDUCATION

National Tsing Hua University	Hsinchu, Taiwan
M.S. in Computer Science	In progress
Research: Real-to-sim digital twin pipeline	
Undergraduate studies in Electrical Engineering and Computer Science	Since Sept 2022
Relevant coursework: Data Structures, Software Engineering, AI/ML, System Design, 3D Graphics	

WORK EXPERIENCE

Taiwan Mobile Taipei	Jan 2026 - Aug 2026
Full-Stack Engineer Intern	
Developed and maintained a task assessment system using React.js, FastAPI, and PostgreSQL.	
CGV & VM Lab NTHU	Oct 2024 - Present
Master's Student	
Planned and executed real-world dataset reconstruction for robotics training using 3D Gaussian Splatting (3DGS) and a LiDAR scanner.	
Undergraduate Research Assistant	
Researched 3D reconstruction and automated PBR texture generation with Prof. Hung Kuo Chu and Prof. Shih Hsuan Hung.	
National Tsing Hua University	Jul 2025 - Dec 2025
Teaching Assistant, Introduction to Programming I	
Supported 200+ students learning Python; prepared lab questions, graded work, and guided students.	
ICode Indonesia Jakarta	Jul 2023 - Sep 2023
Software Engineer Intern	
Built an OpenCV and YOLOv8 system to detect and highlight structural changes in microwave tower images.	

PROJECTS

CamGraph
Accepted to SIGGRAPH Asia 2026 Posters
Built a 3D level-of-detail viewer for SfM datasets to analyze and debug reconstruction pipelines.
Retrieval-Based PBR Textures
Top 10 NTHU CS project finalist
Built an end-to-end pipeline combining mesh segmentation and multimodal retrieval to assign PBR materials to 3D assets.
Course-In
Built an OpenAI API assistant for NTHU course planning and compatible course recommendations.
Kitchen Learning
Trained agents in Unity ML-Agents using reinforcement learning (PPO).
Mini-Chess AI
Developed a C++ decision-tree model for mini-chess.

LEADERSHIP & ACTIVITIES

EECS-GSA	Mar 2024 - May 2025
Academic Affairs Member	
Organized two networking events for international EECS students at NTHU.	
PPI Hsinchu	Aug 2024 - May 2025
Academic & Career Affairs Member	
Organized events for the Indonesian community in Hsinchu.	
NTHU IBP Summer Camp	Jun 2024 - Jul 2024
Teaching Assistant	
Taught C and Arduino; developed the curriculum, materials, and final project.	
Foreign Student Association	Jun 2025 - Aug 2026
Event Team	
Collaborated with international students on community events.	

ADDITIONAL

Languages: IELTS 6.5 (CEFR B2); TOCFL B1 (last taken 2022).
